

GIFTS FROM THE PUBLIC

Regional School Unit 25 (RSU 25) appreciates the generosity of individuals or groups in giving items of useful, historic, or commemorative nature to a school or the school system. The School Board shall formally accept, by Board vote, gifts or bequests of a durable nature, of substantial value, or of historic or commemorative significance. Should such gifts or bequests be for a designated or limited purpose, such purpose will be reviewed and considered by the School Board. Formal acceptance shall be deemed in agreement with specific or limited purpose and as intent to utilize as designated. All gifts become the property of RSU 25. Persons or groups wishing to give gifts requiring School Board acceptance as noted above, should contact the Superintendent of Schools or designee.

The Superintendent or designee shall review the proposed gift and make some recommendations on its acceptance to the School Board. School principals may accept, on behalf of their schools, non-durable gifts or gifts of limited monetary value upon permission of the Superintendent or designee.
